

ANNEXURE A: THE BILL OF QUANTITIES - BID-NUMBER: NRMDP/AUCTIONS-T03/2020

1 LIVESTOCK AUCTION SERVICES

The service provider is requested to supply and deliver Livestock Auctioneering goods and services **as and when needed** by the NRMDP programme in North West, Eastern Cape and KwaZulu Natal.

Please note: This specification is based on the previous trends of the auctions conducted and they may change during the tenure of the contract/request. The specification is meant for illustration purposes to assist the bidders to prepare their proposals.

- a) Livestock Auctioneering services for ±250 cattle per auction
- b) Marketing of sale to buyers as to attract enough buyers
- c) **Semi-Skilled labour for livestock handling** (12 people for 3 days - labour will start working cattle on the day before include the auction day and they day after (especially if there are animals that could not be collected on the auction day, perform auction functions, and load onto buyers' trucks on the day and the next day):
 - Sorting of animals before the sale and the finalization of the Lot process
 - Mouthing (where appropriate, to determine age, which is required by buyers)
 - Weighing
 - Feeding of sale stock throughout the process
 - Provision of clean drinking water for the stock
 - Loading onto the buyers' trucks
- d) **Administrative staff to:**
 - Register all sellers;
 - Record the events of the auction on the vendor role;
 - Present sellers and buyers with Tax Invoices immediately after stock has been sold,
 - Reconcile sellers and buyers' cattle numbers;
 - Ensure that the correct cattle are loaded onto the appropriate buyers' trucks;
 - Pay the sellers within 2 days of the auction;
 - Collect the money from the buyers (with NO financial risk to sellers).
- e) Provide and transport cattle mobile gates to extend the auction pens where needed.

- f) Provide convenient auction dates ensuring that target date does not clash with proximal sales.
- g) Provide a marquee /Tent on the day of the auction with enough chairs (be Covid 19 compliant) His/her toilet facilities
- h) Have reserve dates as to accommodate an unplanned situation such as service delivery protest.
- i) Erecting temporary sale yard facility at auction location that do not have permanent facilities, for purposes of holding a cattle auction
- j) Travel to the auction place, engage and assure sellers about of the auction at own cost at least a month before the confirmed auction date.
- k) Provision of back-up generator (required for scale and computer equipment)
- l) Collect the commission (6/7%) at to recoup the running costs- in the case of government support collect the commission and pay it to the farmers' association.
- m) Provision of cattle scale, computer equipment, recording tape and video equipment
- n) Catering for buyers.
- o) Provision of drinking water and roughage material for the cattle in the kraals (Provision of hay: 6 x large bales, including transport to venue)
- p) Transport cattle to the auction
- q) Hire of mobile loading ramps for loading at the remote sites, including transport
- r) Auction management, to ensure the efficient and smooth processing of the cattle, and functioning of the auction.
