The NAMC through its National Red Meat Development Program (NRMDP) is currently engaged in a Livestock Market Facilitation intervention. The NRMDP focuses primarily on connecting farmers to formal markets and systemizing the informal markets. The program has three main thrusts:

- A programme to enable farmers to understand the structure, operation and requirements of formal red meat markets
- Initiatives to develop marketing channels that will increase participation in formal red meat markets
- Training and practical assistance to align the age, health and breeding of animals more closely to market demand.

REQUIREMENTS

An appropriate 3 years Degree/ National Diploma in Farming Management/ Animal Production or Animal Health

RESONSIBILITIES

The Animal Health/Field Officer will assist the Programme Manager with the day-to-day operational programs relating to:

- Provide Custom Feeding facilities leadership by developing facility annual plans, targets and goals
- Develop and oversee the activities of CPF staff
- Build sound, effective working relationships with partners to undertake certain aspects of the programme of activities.
- Timeously alert the coordinator of any emerging factors that could preclude the achievement of any performance agreement undertakings, including the contingency measures that are proposed to take to ensure the impact of such deviation from the original agreement is minimized.

- Assist to establish and maintain appropriate internal controls and reporting systems in order to meet performance expectations.

SKILLS AND COMPETENCE

- Special interest to work with animals;
- Computer literacy;
- Ability to work independently, under pressure and meet strict deadlines;
- Good interpersonal and communications skills;
- Willingness to travel and work in remote field locations;
