Intern Profile

SINETHEMBA XABA BACKGROUND

Sinethemba Xaba was born in a small town in KZN called Pinetown. She was raised by her grandmother for the first 16 years of her life before her mother took over. She has two sisters, which makes her the eldest in her family.

EDUCATION BACKGROUND

She obtained her bachelor’s degree in Accounting from Walter Sisulu University in 2019. She joined NAMC on May 2021 as an intern in the finance division.

WORK DUTIES

Her day-to-day duties at NAMC involves finance related tasks such as preparing for all payments made to NAMC supplies, preparing purchase orders, requisitions and payment advise, also assisting with filling and any finance admin related tasks that are required from her.

INTERNSHIP

The internship program actually exceeded her expectation, she always assumed being an intern meant that you be required to do tasks that required as little responsibility as possible since you are an intern. However, from the day she arrived at NAMC, she was welcomed and treated as equal to all the employees. Her managers/seniors trusted her with tasks and responsibilities she never thought an intern would be entrusted with.

“ I HAVE BEEN GIVEN THE OPPORTUNITY AND ROOM TO GROW, DEVELOP MY SKILLS, MAKE MISTAKE BUT ALSO GIVEN THE CHANCE TO LEARN FROM THE ORGANIZATION ”
