

INCLUSIVE GROWTH

Leveraging statutory funding for industry-wide transformation

www.rmis.co.za

PRESENTED BY CRAIG CARTER
FIELD SERVICES MANAGER

STRATEGY 2030:

What we strive for

- Overall beef production grows by 35%
- Increase female herd composition from avg. of 41% to 47%
- Increase weaning rate from avg. of 40% to at least 50%.
- 250 000 additional weaner calves targeted from these producers over the next 10 years
- Support with Animal Handling facilities in the highest production & animal health risk areas

FUNDING LEVERAGED:

from R40m statutory to R634m+ total investment

20% Statutory Funding allocated to Transformation: ± R10 million per year

Project	Value
AgriSETA Special Projects	R 5.8 million
DLLRD Land Development Support Programme	R 532 million
AgriSETA Internships	R 180 000
NAMC Community Upliftment	R 500 000
AgriSETA Training	R 500 000
AgriSETA Internships	R 600 000
FREF/Kagiso: Livestock Community Upliftment	R 67 million
Land Bank Mentorship	R 1.76 million

Beyond statutory levy funds, RMIS has attracted over R600 million in external project funding for the red meat industry

DIGITAL INCLUSION

making traceability accessible to emerging farmers

FULLY EQUIPPED WITH:

- Body Crush
- Neck Clamp & Chin Lift
- Electronic Scale
- Tagging Equipment
- Variety of animal handling tools

To assist rural farmers with:

**TAGGING | BRANDING | WEIGHING |
VACCINATING | DISEASE TREATMENT**

Livestock Processed
Mobile Cattle Handling Unit

7,753

Operated by a qualified
production specialist to
ensure procedures are done
correctly & humanely

DIGITAL INCLUSION

making traceability accessible to emerging farmers

- Identification of Production Units - **GLN: Global Location Number**
- No cost to register GLN
- Geo-fencing | biosecurity zone

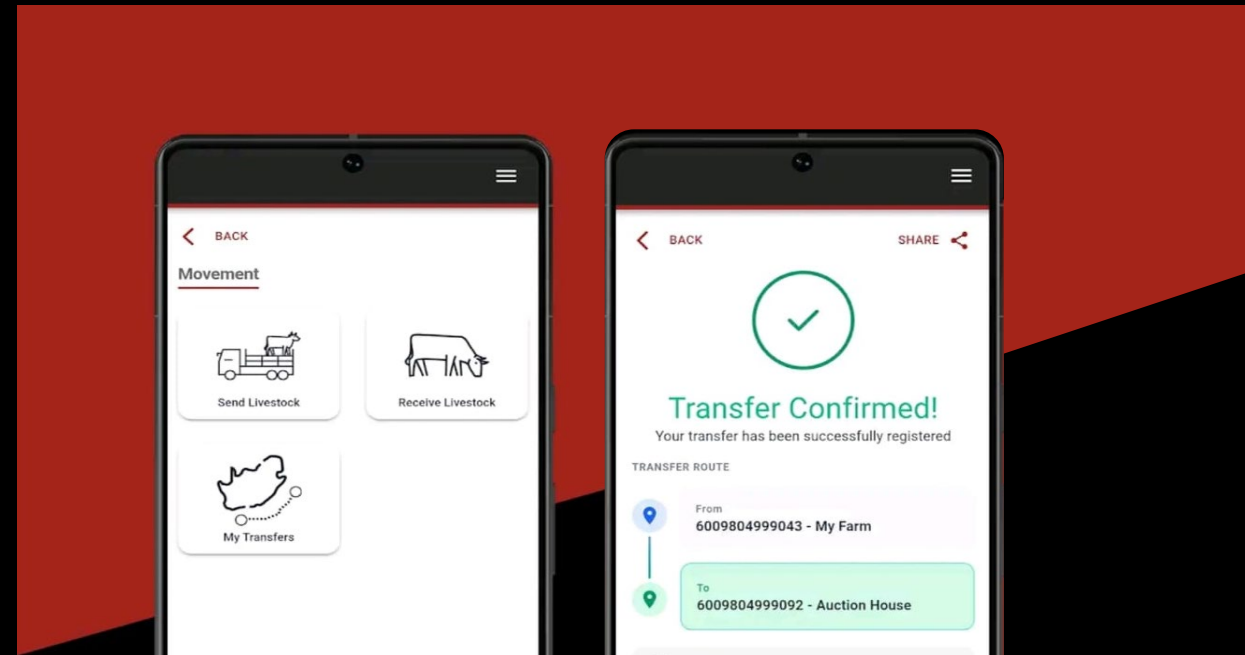

Farm

Communal Land

FREE RMIS APPLICATION

- Send, Receive & manage animal movements
- Capture FMD Vaccination
- Access industry statistics and dashboards

Available on the
App Store

GET IT ON
Google Play

FMD SUPPORT

- 20 Animal Health Technicians employed
- Deployed with state vet services
- Assisting with FMD vaccinations in rural communities
- Distributing tags to communal farmers to aid FMD vaccination roll out

FMD Vaccinations

36,856

Tags Distributed

68,129

- Free Mobile application to record FMD Vaccinations

Empowering
FARMERS TO THRIVE
